

Receive a \$400 RePower Reward—in addition to your standard Puget Sound Energy or RePower Bainbridge incentive (if eligible)—when you install qualifying improvements within 90 days of your FREE Home Energy Check-Up or Home Energy Assessment with EPS.

To receive your RePower Reward, follow these easy steps:

STEP 1: Schedule your appointment. Participate in a FREE Home Energy Check-Up or Home Energy Assessment with EPS through December 31, 2011. **Homeowners who received a FREE Home Energy Check-Up or Home Energy Assessment with EPS, or completed an improvement, prior to March 1, 2011, may qualify to receive a \$400 RePower Reward.** Call RePower Bainbridge at 1.877.741.4340.

STEP 2: Take action. Make at least two qualifying improvements listed by your energy advisor at the bottom of your Home Energy Check-Up form.

STEP 3: Submit documents. After installing your recommended improvements, submit your itemized contractor invoice(s) marked "paid-in-full", along with this RePower Reward application. Submit your documentation to:

RePower Bainbridge
400 Winslow Way E, Suite 160 -or- Fax: 1.206.780.1545
Bainbridge Island, WA 98110

Qualifying Improvements

Homeowners who primarily heat their home with electricity, oil or propane may qualify to receive a RePower Reward when they install at least two qualifying improvements listed below recommended by their energy advisor. The following improvements are eligible for a RePower Reward:

WEATHERIZATION:

- Air sealing and upgrade attic insulation to R-49*
 - Air Sealing and upgrade wall insulation to R-11*
 - Air Sealing and upgrade floor insulation to R-30*
 - Duct sealing and upgrade duct insulation to R-11
- *Eligible insulation upgrade must exceed 500 sq. ft.

WATER HEATING:

- Upgrade to an ENERGY STAR® qualified heat pump water heater
- Upgrade to a 0.94 Energy Factor (EF) electric storage water heater
- Upgrade to a 0.62 EF non-electric storage water heater
- Upgrade to a 0.82 EF tankless water heater

HEATING AND COOLING:

- Upgrade to 8.5 HSPF heat pump
- Upgrade to 90% AFUE furnace
- Upgrade to 80% AFUE boiler
- Upgrade to 80% hearth

Please note: Appliances and/or windows do not qualify for RePower Rewards. Other upgrades may qualify for a RePower Reward. Homeowner must receive pre-approval from RePower for any upgrades which do not appear on this list.

Terms & Conditions

1. Homeowner must install at least two improvements recommended by a RePower Bainbridge energy advisor* within 90 days of their FREE Home Energy Check-Up or Home Energy Assessment with EPS.†
2. Your FREE Home Energy Check-Up or Home Energy Assessment with EPS must be performed through December 31, 2011.
3. RePower Rewards are redeemable through March 31, 2012, and limited to one per household.
4. Appliances and/or windows do not qualify for RePower Rewards.
5. Home must be primarily heated with electricity, oil or propane.
6. In-home quality control review will be required for all work performed by non-affiliated trade ally contractors.
7. All contractor invoices must be itemized, marked "paid in full," and list your contractor's Washington Contractor License number to receive the reward amount.
8. All work must meet requirements listed in the RePower Weatherization Specifications Manual.

*Homeowners who received a FREE Home Energy Check-Up or Home Energy Assessment with EPS, or completed an improvement, prior to March 1, 2011, may qualify to receive a \$400 RePower Reward. Please contact RePower Bainbridge at 1.877.741.4340.

†Homeowners who received an assessment from a non-affiliated with RePower Bainbridge contractor or service must also submit a copy of their recommendation(s) list.
